

Tharun Sriram Nallasamy

Operations and Fleet Manager | Transport Logistics | Telematics and Process Automation
+1 236-338-2784 | sriramtharun.n@gmail.com | [linkedin.com/in/TharunsriramNallasamy](https://www.linkedin.com/in/TharunsriramNallasamy) | Burnaby, BC

SUMMARY

Hands-on operations professional with 2+ years managing Amazon delivery fleets, cargo, and milk tanker trucks, leading cross-functional teams, and engineering automation systems from scratch. Combines a Mechatronics Engineering foundation with a Supply Chain Management diploma (Dean's List) to approach logistics challenges from technical and strategic angles. Delivered 35% downtime reduction, 20% cost savings, 98% safety rating, and 85% violation reduction through purpose-built automation tools. Certified in Joint Health and Safety Committee (JHSC). Seeking roles in operations management, procurement, supply chain, or logistics operations.

SKILLS AND TOOLS

Fleet and Logistics: Fleet Operations, Route Optimization, Inventory Management, Predictive Maintenance, TMS (Geotab, Netradyne)

Automation and Data: Python, N8N, Robotic Process Automation (UiPath), Tableau, Excel, SQL, Google UX Design, UI/UX

Leadership: Team Leadership, Staff Training, Contract and Supplier Negotiation, Safety Compliance, KPI Tracking, Stakeholder Management

Health & Safety: Joint Health and Safety Committee (JHSC) Certified – BC (Mar 2026, Valid to Mar 2028)

WORK EXPERIENCE

Assistant Operations and Fleet Manager | VCE Logistics | Burnaby, BC | Jul 2024 - Present

- Manage end-to-end operations for 54+ Amazon delivery vehicles, including acquisition, maintenance, compliance, and daily optimization.
- Engineered an automated van rotation app in 1 week, tracking 54 vehicles, flagging non-compliance at 10+ and 13+ days, achieving 100% Amazon 14-day compliance.
- Built an automated photo compliance system in 1 week, reducing violations by 85%; developed EOS system, replacing paper tracking with a live dashboard for damages, mileage, fuel, and vehicle assignment.
- Cut fleet downtime by 35% through predictive maintenance; maintained 98% safety rating via Geotab and Netradyne telematics; reduced insurance claim processing time by 40%.
- Delivered 20% cost savings by negotiating supplier contracts and standardizing parts inventory; achieved zero safety incidents and 99% on-time delivery rate.
- Trained and developed 15+ staff on Amazon safety protocols, inspection procedures, and compliance standards; maintained 95% customer satisfaction as primary escalation contact.
- Actively serve as a certified JHSC member, supporting workplace health and safety compliance across all operations.

Sales Technician (Part-Time) | Mobil1 | Kamloops, BC | Jul 2023 - Jun 2024

- Exceeded monthly sales targets by 25% through consultative engagement; achieved 96% customer satisfaction rating.

Technician (Part-Time) | Kal Tire | Kamloops, BC | Sep 2023 - Aug 2024

- Performed tire installation, repair, and maintenance; contributed to sales revenue through effective recommendations and consistent service delivery.

Transport Operations Assistant | Vanitha Transport | Erode, India | Jul 2022 - Aug 2023

- Coordinated daily milk distribution for a 15-driver team, maintaining 100% on-time delivery across all perishable routes.
- Implemented GPS tracking and route optimization, reducing fuel costs by 18% (approximately \$15,000 annually); achieved 95% fleet availability through proactive maintenance.
- Sustained zero safety violations while handling 50+ daily stakeholder interactions across farmers, processors, and customers.

Project Captain (Internship) | Flicker Hive Automation | Coimbatore, India | Feb 2022 - May 2022

- Led a 4-member intern team to design and deploy a smart home automation system integrating Google Home, Nest, and Home Assistant; managed the full project lifecycle from client requirements to delivery.

EDUCATION

Post-Baccalaureate Diploma - Supply Chain Management

Aug 2023 - Apr 2025

Thompson Rivers University | Kamloops, BC | Dean's Listed

Bachelor of Engineering - Mechatronics, Robotics and Automation

Oct 2018 - Apr 2022

Sri Krishna College of Engineering and Technology | India

CERTIFICATIONS

Joint Health and Safety Committee (JHSC) – BC Certified | Google UX Design Certificate (Coursera) | Introduction to Automation - UiPath (2024) | Robotic Process Automation | Python Programming | SAP MM (Materials Management) | Digital Marketing Fundamentals | Financial Accounting Principles | UI/UX Design | Business Process Optimization | Tableau | Microsoft Office | +25 Additional Certifications
